

Better Plans, Better Communities

Three Things to Take Your Comprehensive Plan to the Next Level

Presented by

Allison Stewart-Harris, AICP – Community Planning Manager, VHB

Andrew Smith – Principal Planner in Community Development, Atlanta Regional Commission

April 23, 2021

Speaking This Morning:

Allison Stewart-Harris, AICP
Community Planning Manager, VHB

Favorite part of planning: Getting to know different communities all over the region

Planning pet peeve: Wordles

Andrew Smith
Principal Planner, ARC

Favorite part of planning: Always learning new things about the unique places in our region – and contributing to sustaining those places

Planning pet peeve: People always asking if I “work for the government” or “know what’s going on with that pothole over on so and so street”

Agenda

Behind the Curtain: Comprehensive Planning in GA

3 THINGS TO DO

#1

#2

#3

Behind the Curtain: Comprehensive Planning in Georgia + How We Got Here

WHY WE PLAN

BACKGROUND

- **RC Primary Role:** coordinate regional and state reviews
- **Major Updates:** Every 10 years, minor update at 5-year mark
- **DCA Minimum Standards:**
 - Data-heavy
 - One-size-fits-all
 - 3 deliverables
 - Challenging or expensive for smaller communities

2012
DCA Rules Revised

- **RC Primary Role:** provide direct assistance, if asked
- **Updates:** Every 5 years
- **DCA Minimum Standards:**
 - Emphasize flexibility, customization, usability
 - Required elements + menu of optional elements
 - 1 deliverable
 - Provides an option for smaller communities

BEFORE

AFTER

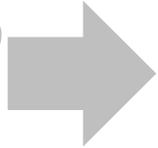

5-YEAR UPDATE: KEY REQUIRED ELEMENTS

- 5-year update, i.e., your next plan update after your first plan done under the “new” (post-2012) rules
- Most, if not all, communities are at this stage
 - Needs and Opportunities
 - Land Use Element
 - Report of Accomplishments (ROA) – Documents current status of every item from Community Work Program (CWP) in existing plan
 - Updated CWP – Includes items noted as Underway or Postponed in ROA, plus any brand-new items
 - *Broadband Element – Wasn't required until 2018*

REQUIRED PLAN ELEMENTS

*REQUIRED
FOR ALL*

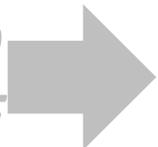

VISION &
GOALS

NEEDS &
OPPORTUNITIES

COMMUNITY
WORK
PROGRAM

BROADBAND
SERVICES

*REQUIRED

#1 Right Size

TWO BIG QUESTIONS

#1

**How
Much
Planning?**

#2

**Who Is
Doing it?**

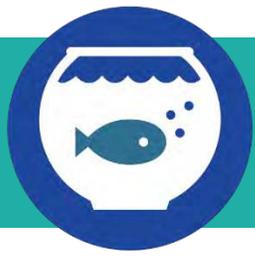

HOW MUCH PLANNING?

Recommended Guidelines

	Smaller City/Town (pop less than 20,000)	Medium City/Town (pop 20,000-50,000)	Larger City/Town (pop 50,000+) or County
LAND USE	✓	✓	✓
ECONOMIC DEVELOPMENT		✓	✓
TRANSPORTATION	✓	✓	✓
HOUSING	✓ If in ATL region	✓ If in ATL region	✓
QUALITY OF LIFE*		✓	✓

*Pick and choose relevant topics from Optional Elements

WHO'S DOING IT?

OPTION #1

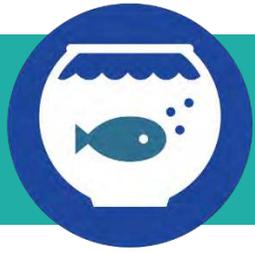

Regional Commission

OPTION #2

Internal Staff

OPTION #3

Consultant

HOW WE OPERATE AT ARC: INITIAL STEPS

- Draft required MOA laying out roles and responsibilities
- Meet with local government staff to:
 - Review MOA
 - Confirm roles, responsibilities and expectations
 - Review plan requirements and process
 - Look at tentative schedule
 - Discuss existing plans and any other background information
 - Answer any questions

HOW WE OPERATE AT ARC: RC ROLES

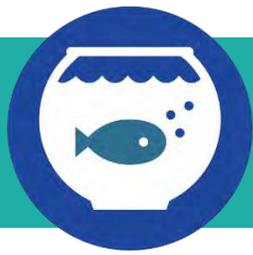

- ✓ Designate Project Manager
- ✓ Update Needs and Opportunities, using ARC resources, local data, and community input → updated Vision and Goals?
- ✓ Review updated Community Work Program (CWP) developed by local staff
- ✓ Update Land Use Element
- ✓ Update other Elements as needed, e.g., Transportation, Housing, Economic Development
- ✓ Present/support/attend both required public hearings (1 at kick-off & 1 prior to transmittal for regional/state review)
- ✓ Facilitate one (1) public meeting
- ✓ Develop online public engagement portal, survey, etc.
- ✓ Facilitate three (3) Steering Committee meetings
- ✓ Develop language for official public hearing notices, if requested
- ✓ Develop ads and other public involvement materials, if requested
- ✓ Implement any revisions required by DCA following state review
- ✓ Provide final plan and other documents

HOW WE OPERATE AT ARC: LOCAL GOVERNMENT ROLES

- ✓ Designate primary contact to coordinate with ARC
- ✓ Develop Report of Accomplishments (ROA), showing status of items in existing CWP
- ✓ Develop new CWP, with ARC input
- ✓ Form Steering Committee, which must include:
 - Member of governing authority, i.e., elected official
 - Member of “economic development community”
- ✓ Schedule Steering Committee meetings, with ARC input
- ✓ Develop public awareness and invitations to Steering Committee and public meetings
- ✓ Provide locations for public meetings that have heat/air conditioning, water, and electricity (in a non-COVID world)
- ✓ Provide any food or beverages for Steering Committee and public meetings (in a non-COVID world)
- ✓ Post notices of public hearings as required by community’s existing procedures
- ✓ Provide timely notice to ARC of local government meetings that ARC staff should attend

EXAMPLE SCHEDULE: OCTOBER DUE DATE

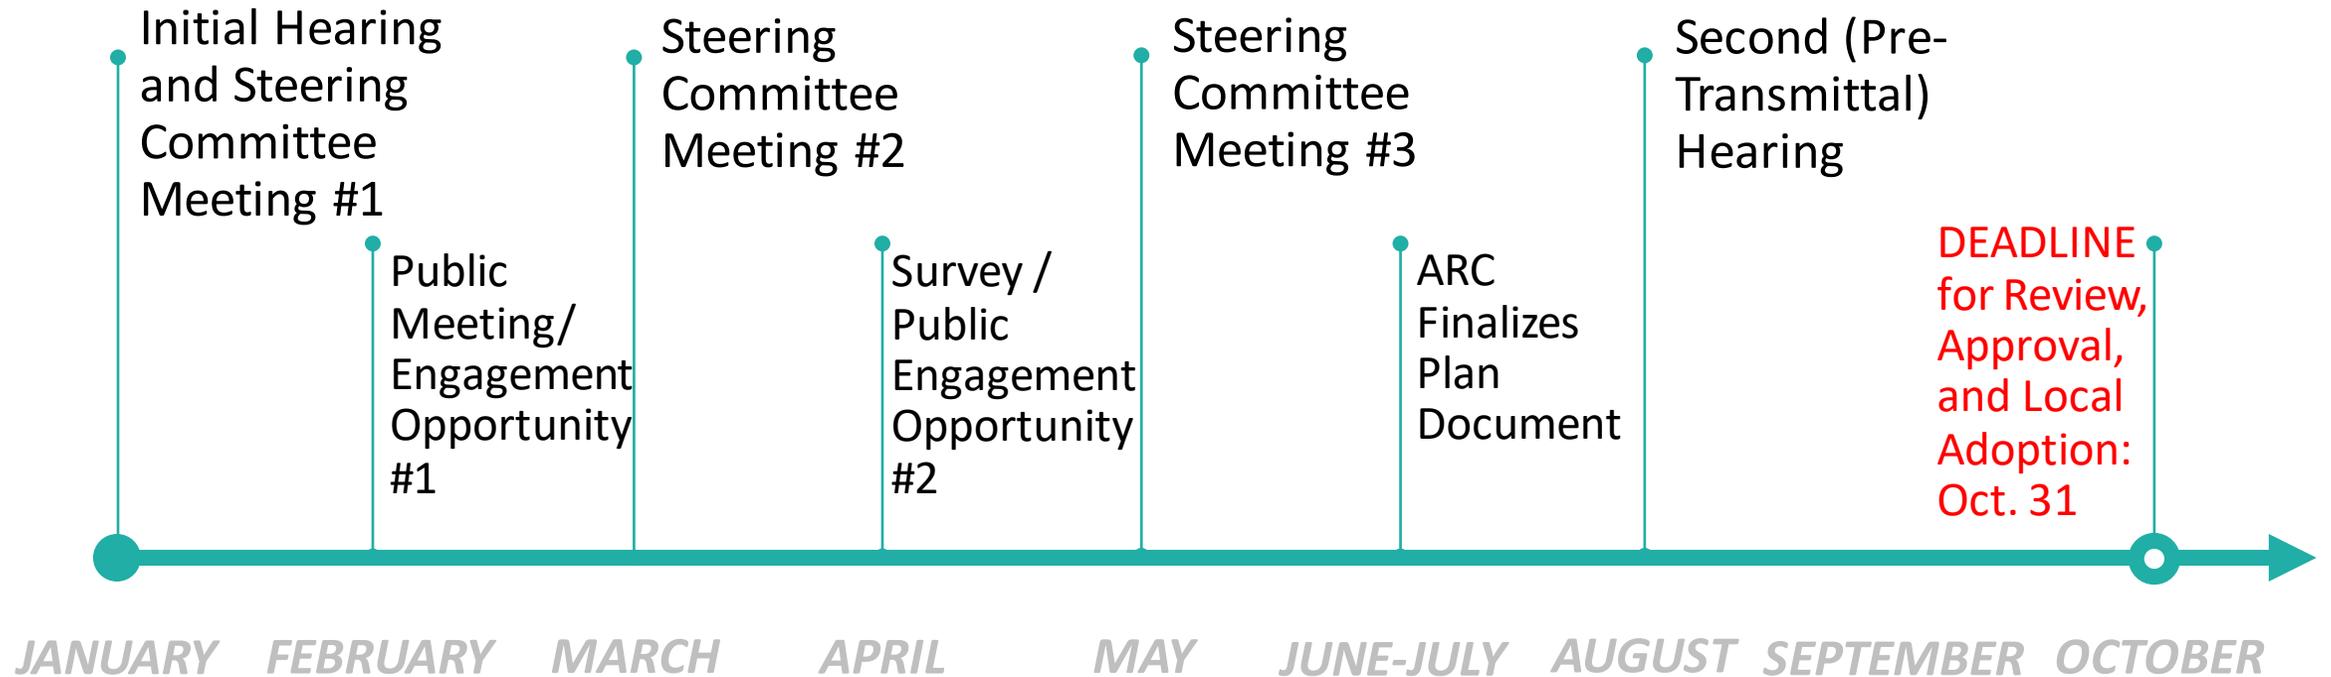

- Execute MOA
- Hold initial meeting with local to identify:
 - Strengths/weaknesses of existing plan
 - Issues emerging in last 5 years
 - Sensitive topics, e.g., elections, community concerns, etc.
 - Public engagement considerations

- Up-front data work (RC)
- Review existing plan (RC)
- Assemble steering committee (local)
- Review CWP & evaluate status to inform ROA & new CWP (local)
- Schedule First Required Public Hearing, i.e., kickoff hearing (local)

End of 2020 / Beginning of 2021

EXAMPLE SCHEDULE: OCTOBER DUE DATE

2021

KEY TAKEAWAY: RIGHT-SIZE YOUR APPROACH

- RC vs. In-House vs. Consultant – pros/cons for each
- Think about your goals before choosing approach:
 - DCA requirements are the *baseline*
 - How do you anticipate using your plan?
 - Are there any gaps in your community's planning that could be addressed through the process?
 - Do you want to completely overhaul a key element like Land Use?
 - Do you envision significantly changing your Vision/Goals? Or affirming?
 - What's changed in your community? Annexation? Development? Leadership?
 - What are your resources? Budget? Staffing?

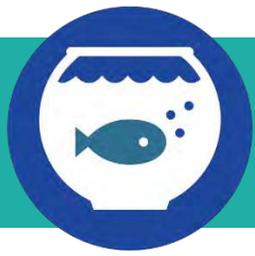

RIGHT-SIZING: SUGGESTED GUIDELINES

- **Recommend Light Update in following conditions:**
 - At 5-year mark after major update
 - Example: 2017 first plan under “new” DCA rules → 2022 next due date = standard/5-year update recommended
 - And/or if there’s been:
 - Minimal change or development in past 5 years
 - Minimal elected/community leadership change in past 5 years
- **Who’s Doing It?**
 - Larger community: In-house resources (e.g., Alpharetta, Cobb Co.)
 - Medium/Smaller community: RC assistance (e.g., Lithonia, Pine Lake)

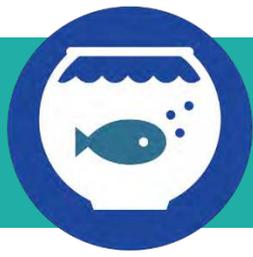

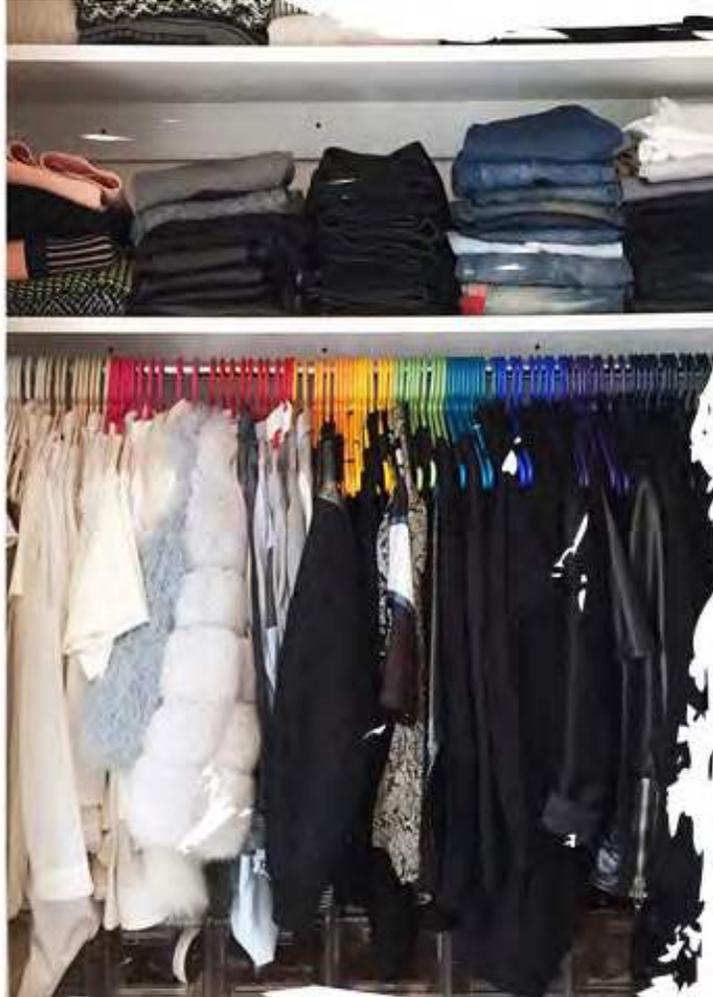

RIGHT-SIZING: SUGGESTED GUIDELINES

- **Recommend Full Update in following conditions:**
 - At least every 10 years
 - Example: 2013 first plan under “new” DCA rules → 2018 standard update → 2023 next due date = major/10-year update recommended
 - And/or if there’s been:
 - Significant change or development in past 5 years
 - Significant elected/community leadership change in past 5 years
 - You experience problems with your plan or find yourself not using it
- **Who’s Doing it?**
 - Recommend hiring a consultant

COMP PLANS ARE LIKE CLOSETS

TA Target Areas	PS Public Safety	GR Greenspace + Rec.	Ed Education	HS Human Services	NR Natural Resources
IC Inter-gov Coordin.	SW Solid Waste	IF Infrastruct. + Facilities	Su Community Sustain.	HC Historic + Cult. Res.	DR Disaster Resilience

Period One Elements

GP

Goals + Policies

Stability

High

- **Long-term, consistent foundation for planning**
 - » Address a wide **breadth** of planning topics,
 - » **High-level, general direction** that states a position; squishy words are OK
- Differences between goals, policies, principles, or objectives? **No matter – just provide the clear guidance**

Period One Elements

NO

Needs +
Opportunities

Stability

Medium

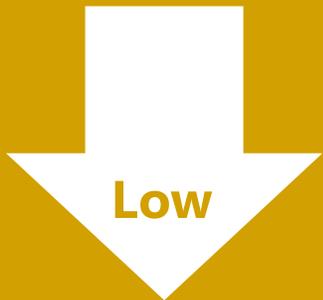

- Identifies the needs, opportunities, issues, and assets of the community **right now**
- **Best place to start** when you fire up your update
 - Focus on what's changed
- One of the most meaningful places for **public input**
- Suggestion: get your **other departments involved** in this stage to document the needs/issues they are facing – not all are visible to the community

Period One Elements

W P

Work Program

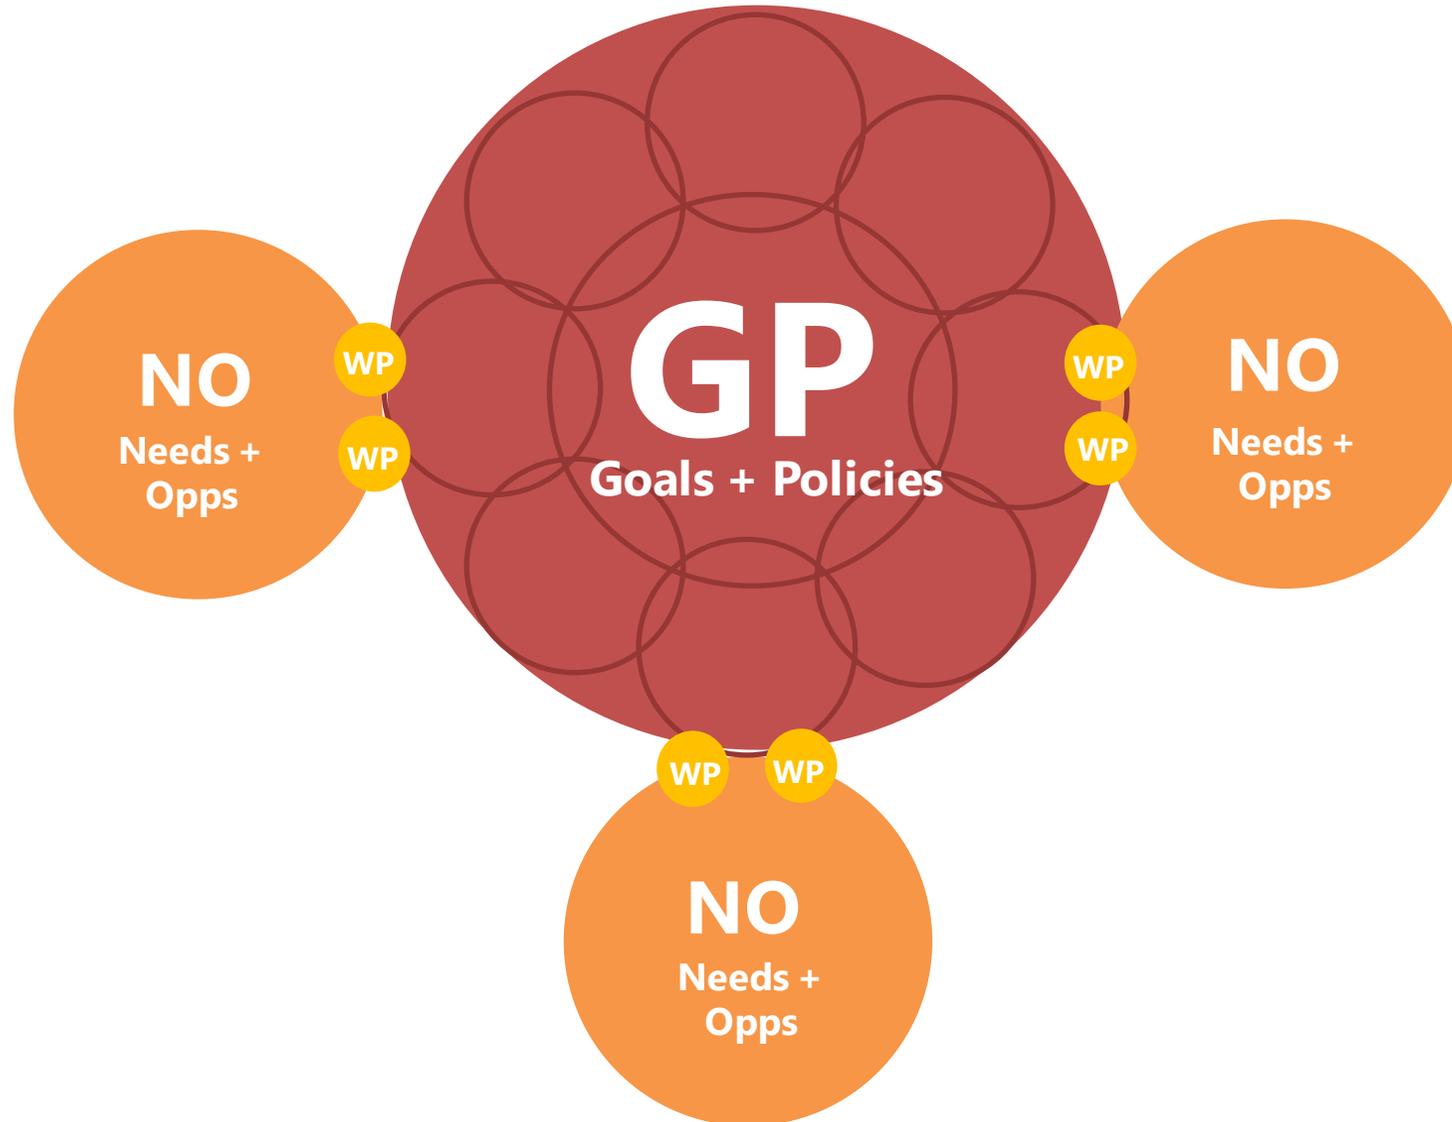

Stability

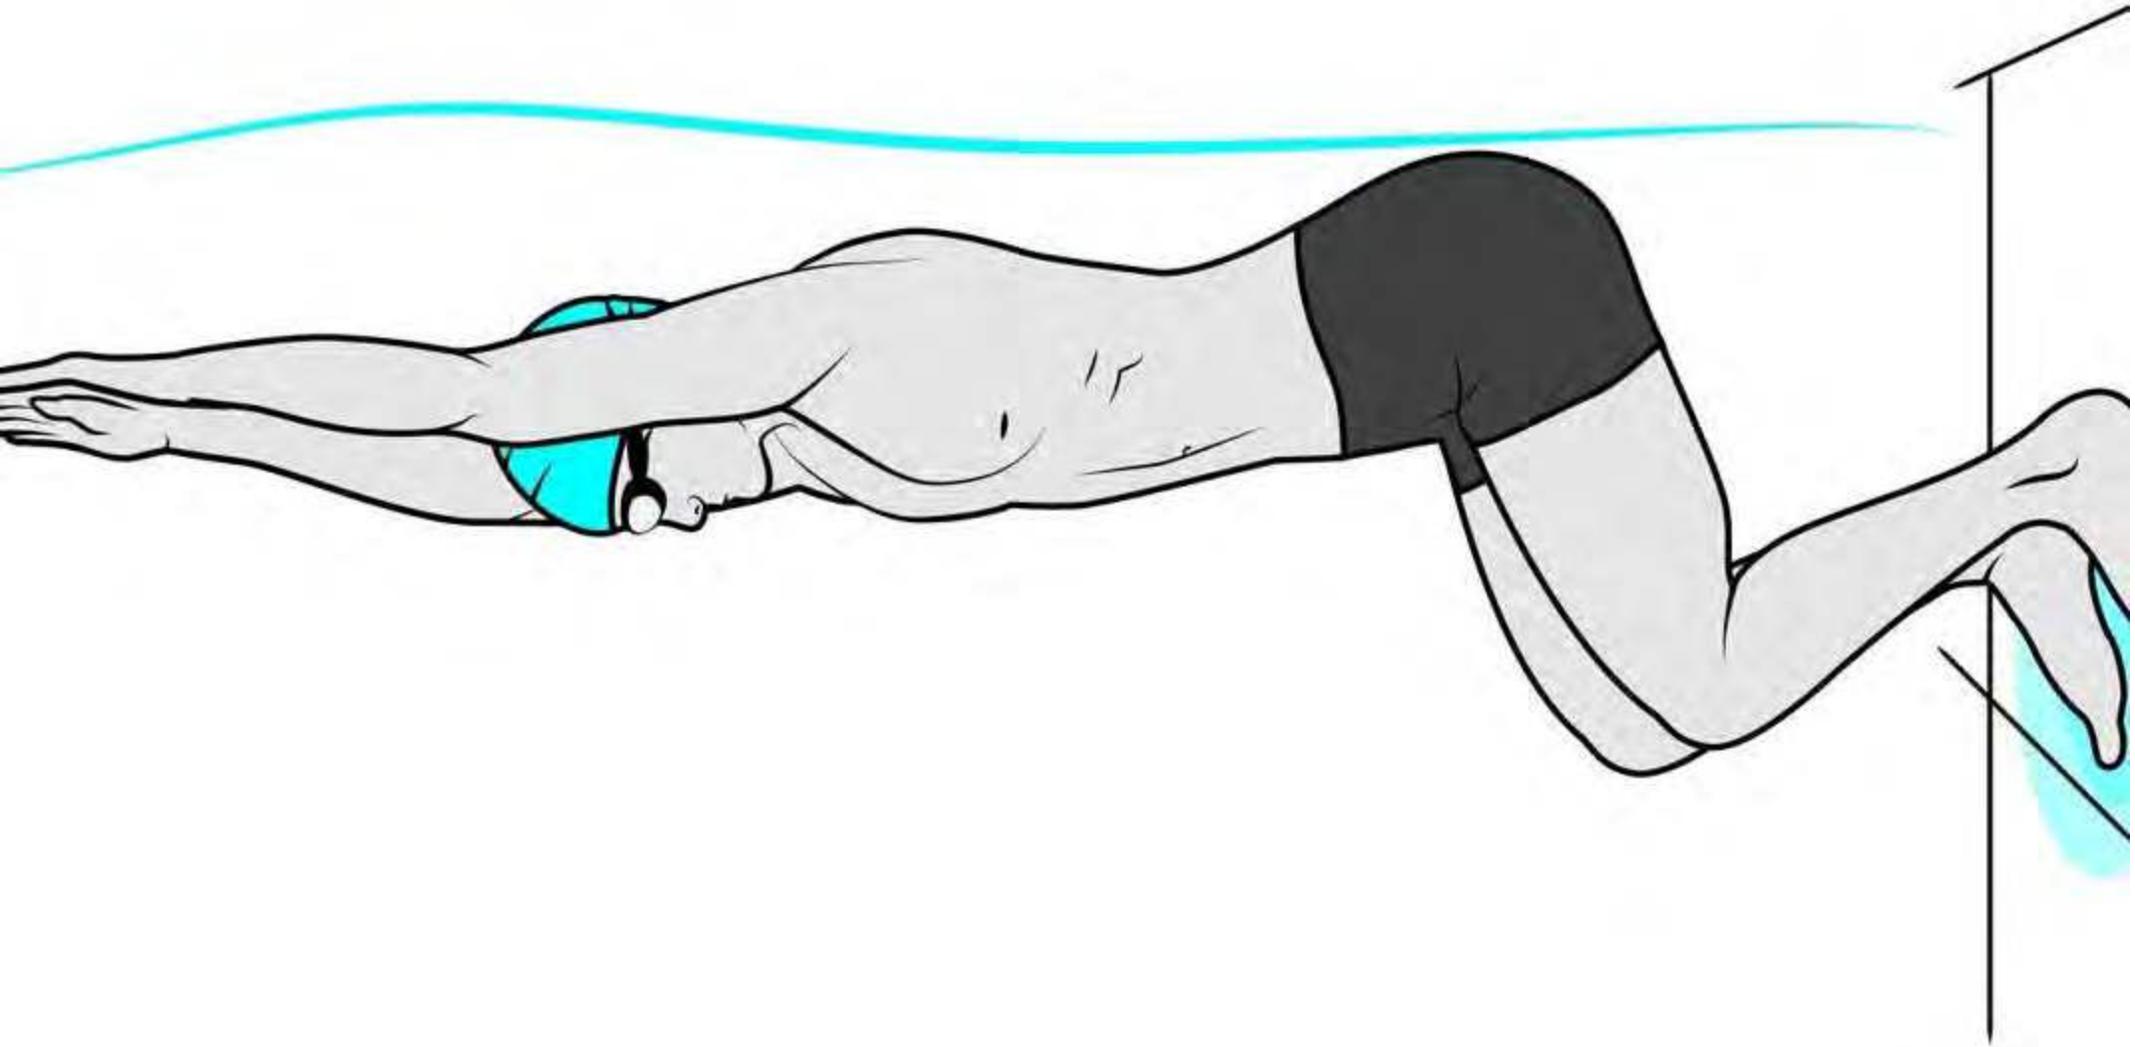

Low

- List of **projects/initiatives for the next 5 years**
- Designate timeframe, funding, responsible party
- Not a place for squishy words; **active verbs!**
- Suggestion: **two-tiered work program**, short term and long term

Element Bonding

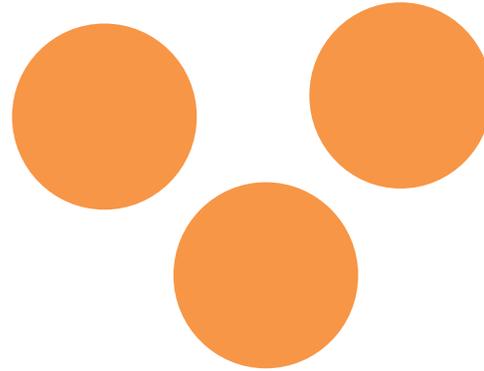

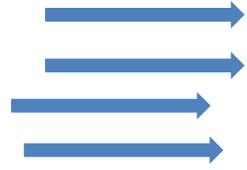

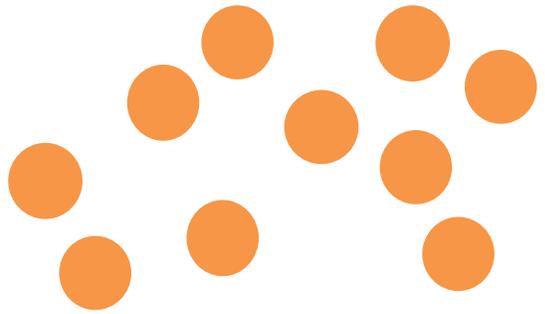

#2 Streamline

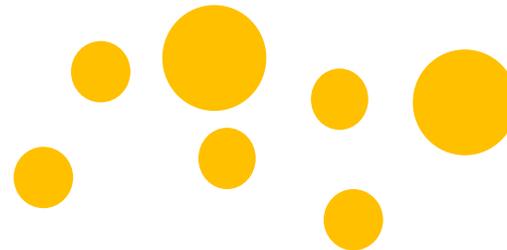

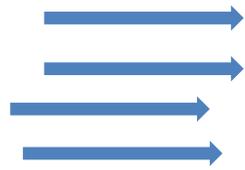

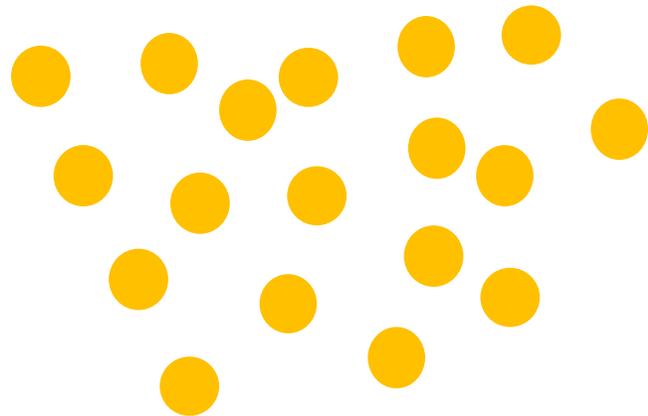

Documenting v. Distilling

NO
Needs +
Opportunities

Reporting Out,
Listing Everything

Analyzing, Prioritizing
Focusing

WP
Work Program

Documenting v. Distilling

A collection of documents and lists may be comprehensive, but it's not a plan.

Streamlining Tips: Goals + Policies

Review all previous plan goals and policies with a critical eye

- Examine each goal/policy: is it still relevant?
- Are there duplicates, lots of overlap, or conflicts?
- Look for gaps: are there are any topics that are not addressed?

Assume the previous plan's goals/policies are comprehensive, consistent, and relevant

Streamlining Tips: Goals + Policies

Do Stick to **one topic** per goal/policy

“Encourage the development of workforce housing”

“Encourage workforce housing, senior housing, protection of single-family neighborhoods, and walkability”

Streamlining Tips: Goals + Policies

Do

Keep it general, but not so general that it has no meaning

“Support the development of innovation centers”

TOO GENERAL:

“Support innovation”

TOO SPECIFIC:

“Partner with Gwinnett County to create an innovation center northwest of downtown”

**Controversial
Opinion:**

**You don't
need a vision
statement.**

**Controversial
Opinion:**

**You don't
need a vision
statement.**

Do it if you can rock it:

“Lawrenceville will be known as the heart of Gwinnett and the college town of tomorrow, where inclusion is a way of life, new urban living is just living, and art comes to life in a talent-rich, regional epicenter of community.”

Or treat it more like branding:

“Deliberately rural...” (Chattahoochee Hills)

Streamlining Tips: Needs + Opportunities

List all needs and opportunities,
but make priorities clear

Identify top 3 - 5
high-level needs and
opportunities

Have a massive,
unorganized list of
everything heard in
the process

Streamlining Tips: Needs + Opportunities

State needs and opportunities as clear, complete thoughts

"Need more diverse retail options downtown"

"Retail"

Streamlining Tips: Work Program

Do

Create your work program with **intention**

INCLUDES ITEMS THAT...

- Represent a **significant investment** of money or staff time
- Have a definable **start and finish**
- Are **community facing**
- Will see action in the **next five years**

THINK 2X....

- Represent a **very minor investment** of money or staff time
- Have **no viable funding source**
- Have no definable **start and finish**
- Are **internal facing**
- Are **day-to-day/regular tasks**

Streamlining Tips: Work Program

Use the **Report of Accomplishments** as a learning tool

- Evaluate it **early**
- **Identify weak spots** – what types of items got stuck?
- **Remove** items that are **goals/policies**, not work program items

Complete it as an afterthought, especially at the end

Agenda

Behind the Curtain: Comprehensive Planning in GA

3 THINGS TO DO

#1

RIGHT SIZE

#2

STREAMLINE

#3

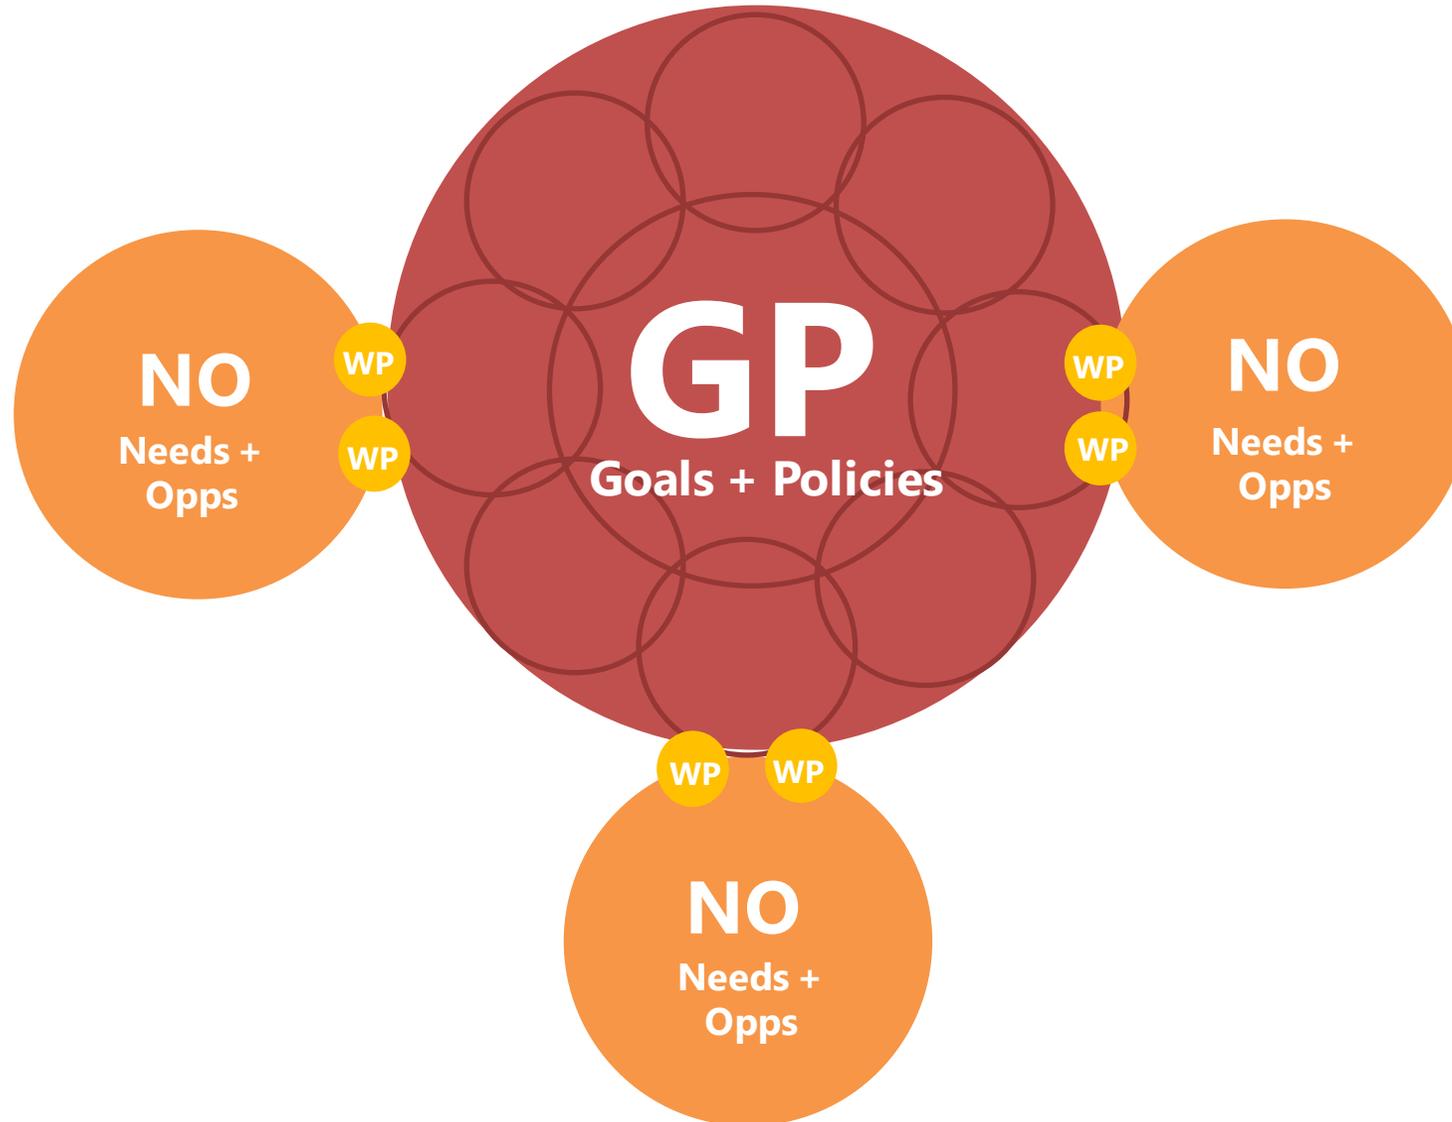

#3 Align

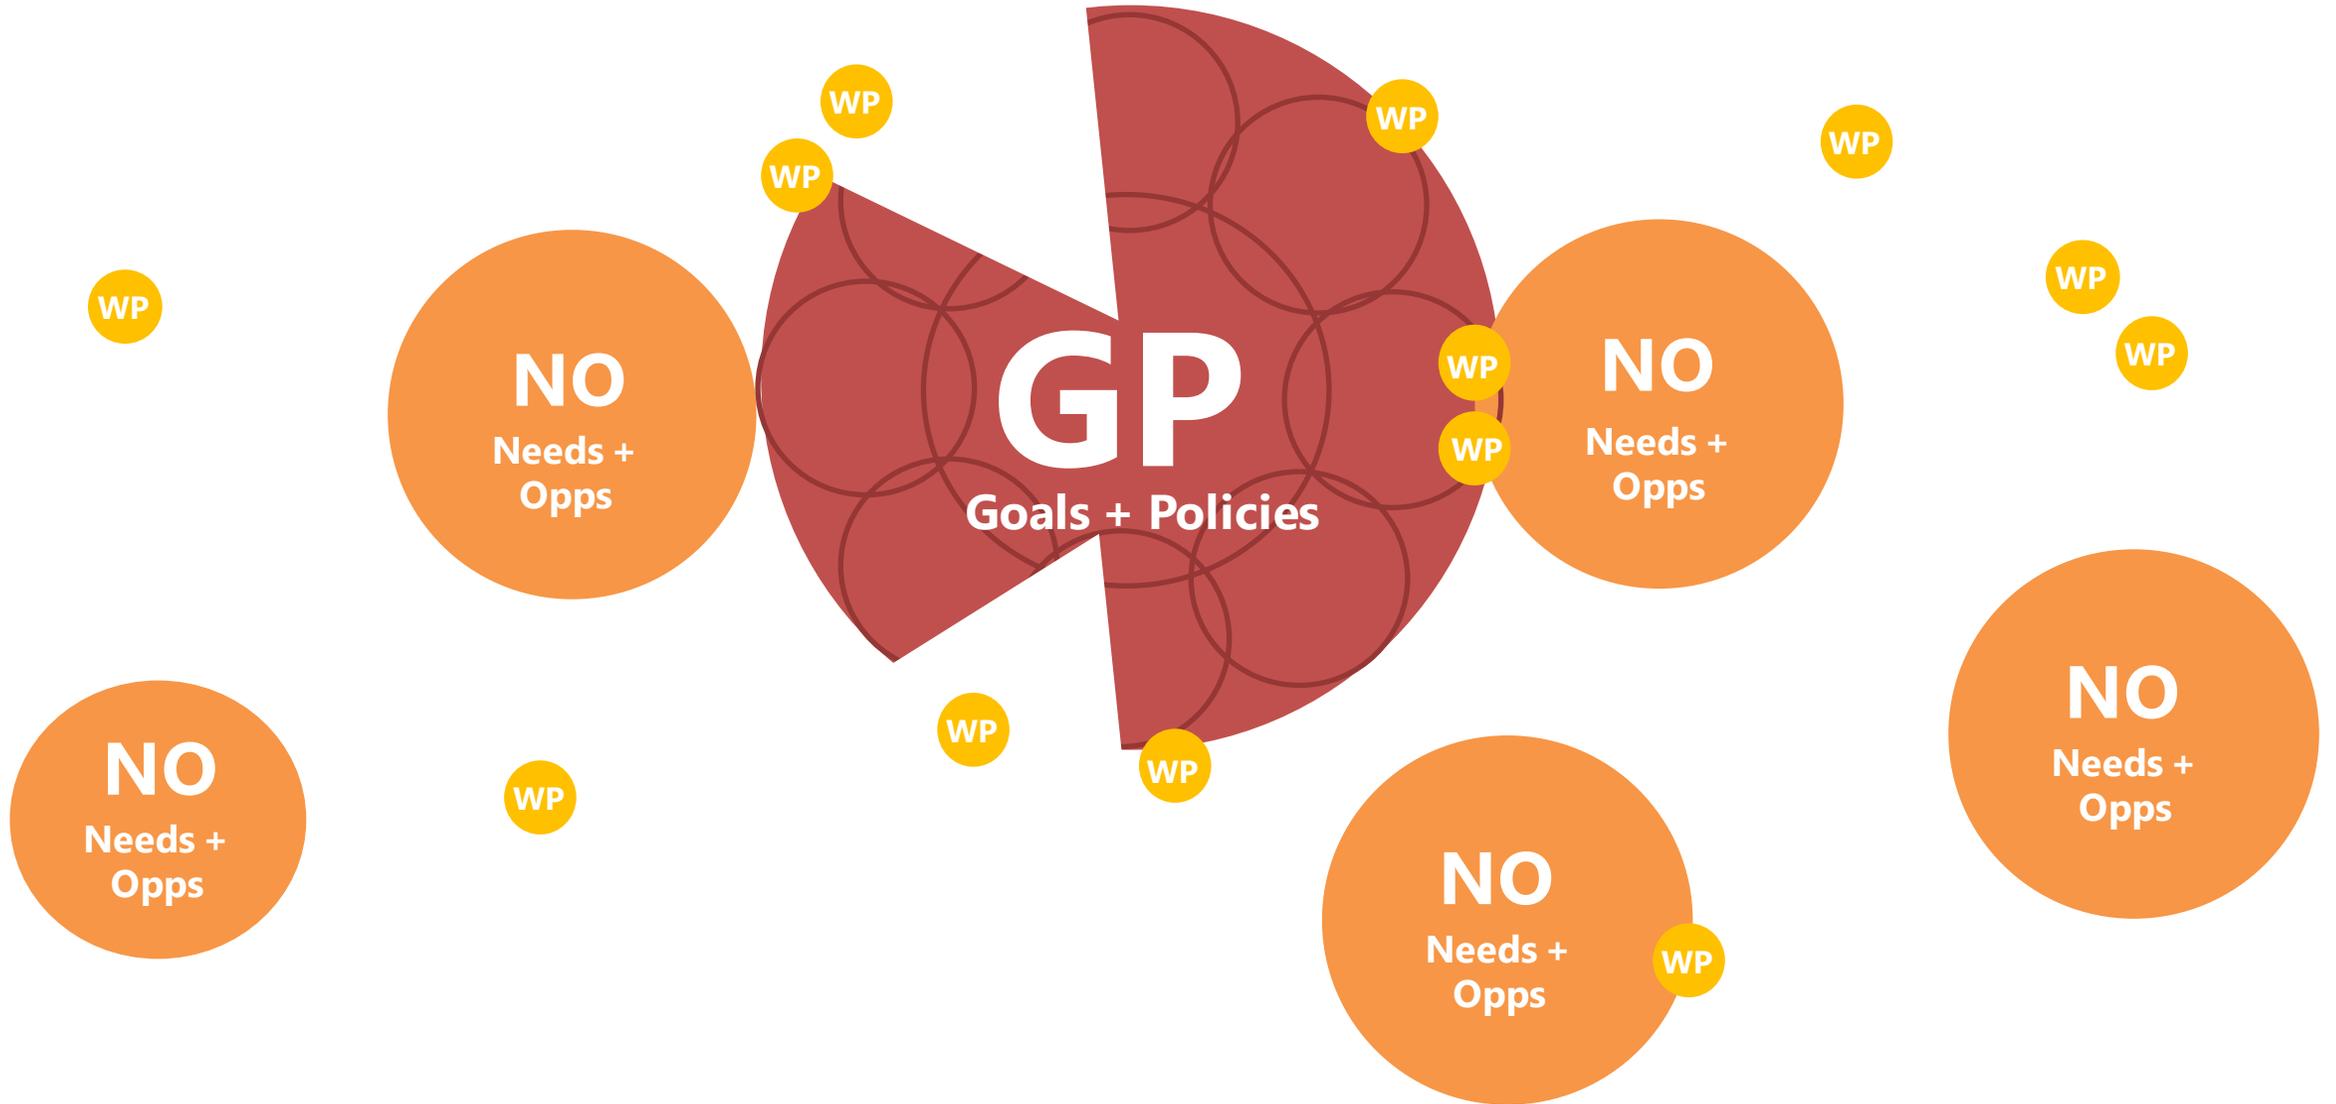

Element Bonding- Ideal

Element Bonding - Actual

Align: No Orphan Needs + Opportunities

- Need/opportunity without a goal or policy?
 - **It's time to write some policy**
- Need/opportunity without a work program item?
 - **If it's a priority, figure out a first step, put in work program**
 - Not a priority, might be OK

Align: No Orphan Work Program Items

- Work program item without a goal or policy?
 - **Might be time to write some policy**
- Work program item without a need/opportunity?
 - **This is a very tricky, very common problem**
 - Easiest path: add a need/opportunity
 - Best practice: evaluate the item and consider if it's the best use of resources

Align: Common Pitfalls

- **Biggest gulf is typically between needs/opps and work program**
 - Work programs typically come together by departments submitting their lists of projects – not vetted, not necessarily tied to anything else in plan
- Treating Needs/Opportunities, Goals/Policies, and the Work Program as **separate tasks**
- **Flip-flopping:** work program items that are actually goals/policies, vice versa

Align: Is this really an issue? Seems basic...

YES

This is actually an issue.
We are not very good this, at least in the Atlanta region.

- **VHB Comprehensive Plan Study:**
 - 50 Atlanta-area Comp Plans
 - 29 topic areas
 - 7,000+ goals/policies, needs/opps, work program items coded by primary topic
- **Using our Comps tool, which provides a:**
 - Macro look across the region for planning and policy trends
 - Micro look at single plan content and alignment

Align: 50 Atlanta Area Comprehensive Plans

Big Picture Take-Aways

- **48 out of 50** plans have at least one topic with **orphans**
 - **Average amount is 4** topics with orphans
- **We do best in the "Other"** category...yet it's content that's not required
- Many of our plans are pretty **quiet on Housing** topics

Alignment Awards: Larger Communities (50k+)
