

# Planning 101

Fall GPA Conference – 2009

Athens, GA

"We will never bring disgrace to this city, by any act of dishonesty or cowardice, nor ever desert our comrades; we will fight for the ideals and sacred things of the city, both alone and with many; we will revere and obey the city laws, and do our best to incite a like respect and reverence to others; we will strive unceasingly to quicken the public's sense of civic duty; **that thus in all these ways, we may transmit this city, greater, better, and more beautiful that it was transmitted to us.**"

### ***The Athenian Pledge***

# **The Goal of Planning**

---

To help communities and their stakeholders achieve the desired forms of character, economy and society.

# Everybody Does Planning!

# Everybody Does Planning!

# Sometimes good...

---

# Sometimes, not so good...

---

# Planning gives communities direction

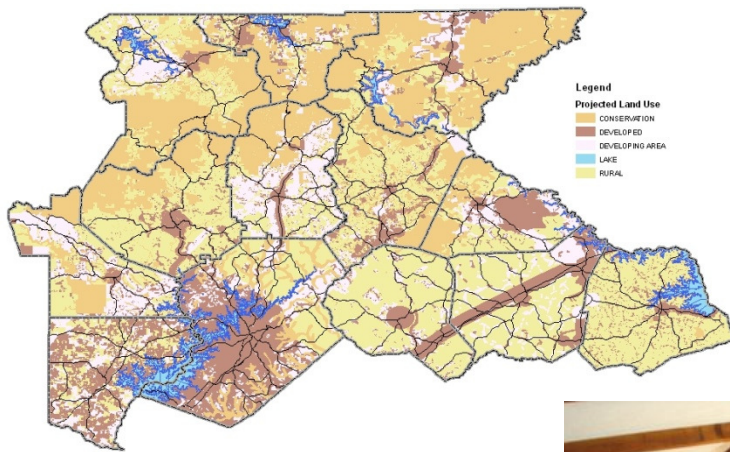

# To Practice Planning...

**you need the right tools**

**and the skills to use them.**

*Hart County Comprehensive Plan 2007-2030*  
COMMUNITY AGENDA

October, 2007

# The Tools of Planning...

---

- Comprehensive Plans
  - Specialized Plans & Studies
  - Development Regulations
- 
- Data/ Trend Monitoring
  - Policy Reviews
  - Infrastructure Planning
  - Management of Outside Resources
  - More...

# **The Tools of Planning...**

---

*Any resources, practices and advice that can help you as a planning commissioner make better decisions for your community.*

# *Obligatory Family Image!*

---

# The Tools of Planning

---

- Data
- Policy
- Communication
- Process

# **The Tools of Planning: Data**

---

- Comprehensive Plan
- Specialized Plans and Studies
- Development Trends
- Zoning Records
- GIS
- Etc.

# The Tools of Planning: Data

---

**How many of you  
have read your  
Comprehensive  
Plan?**

***No, I mean seriously  
read the thing?***

# The Tools of Planning: Data

- Planning is decision making involving assumptions, projections and estimates.
- ***Make sure you have the information needed to make the right decision!***

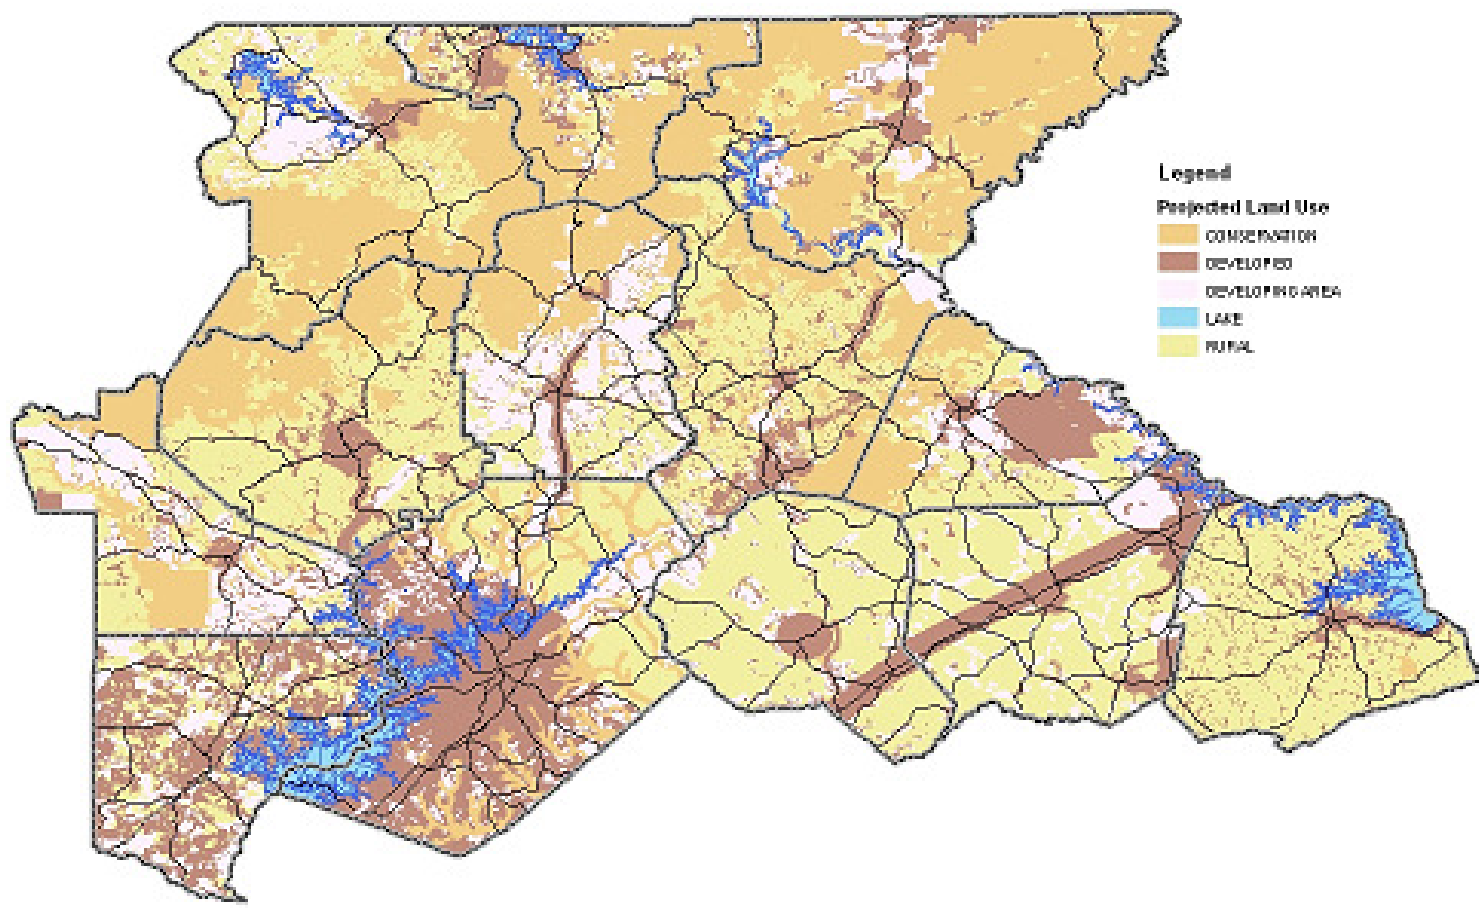

# **The Tools of Planning: Data**

---

Other types of good planning data

- Quality GIS database
- Track record of decisions
- Current inventory of development trends
- Traffic statistics
- Information about region

# It all flows from the Plan

---

# The Tools of Planning: Data

- Have a Vision/Character Area for all segments of your community
  - As detailed as appropriate
  - Clearly defined
  - Identifying the steps needed to make them a reality
  - Specialty plans for complex areas

# **The Tools of Planning: Policy**

---

- Development Regulations
- Subdivision Regulations
- Nuisance Restrictions
- PUDs, MUDs...
- Design Guidelines

*These are the rules for implementing the Plan's Vision.*

# The Tools of Planning: Policy

- Wide variety of policies available
- Don't limit yourself... *but don't go crazy, either!*
- Confirm Vision, then consider implementation
  - Consultant
  - RDC/RC
  - DCA
- Be sure to work with your lawyer
- Consistency with Plan is key

## **The Tools of Planning: Communication**

- Who's listening?
- Are the Vision, design ideals,... heavily promoted?
- Are they easily understood?
- Consistency and Compliance?

# Are you sending the right message?

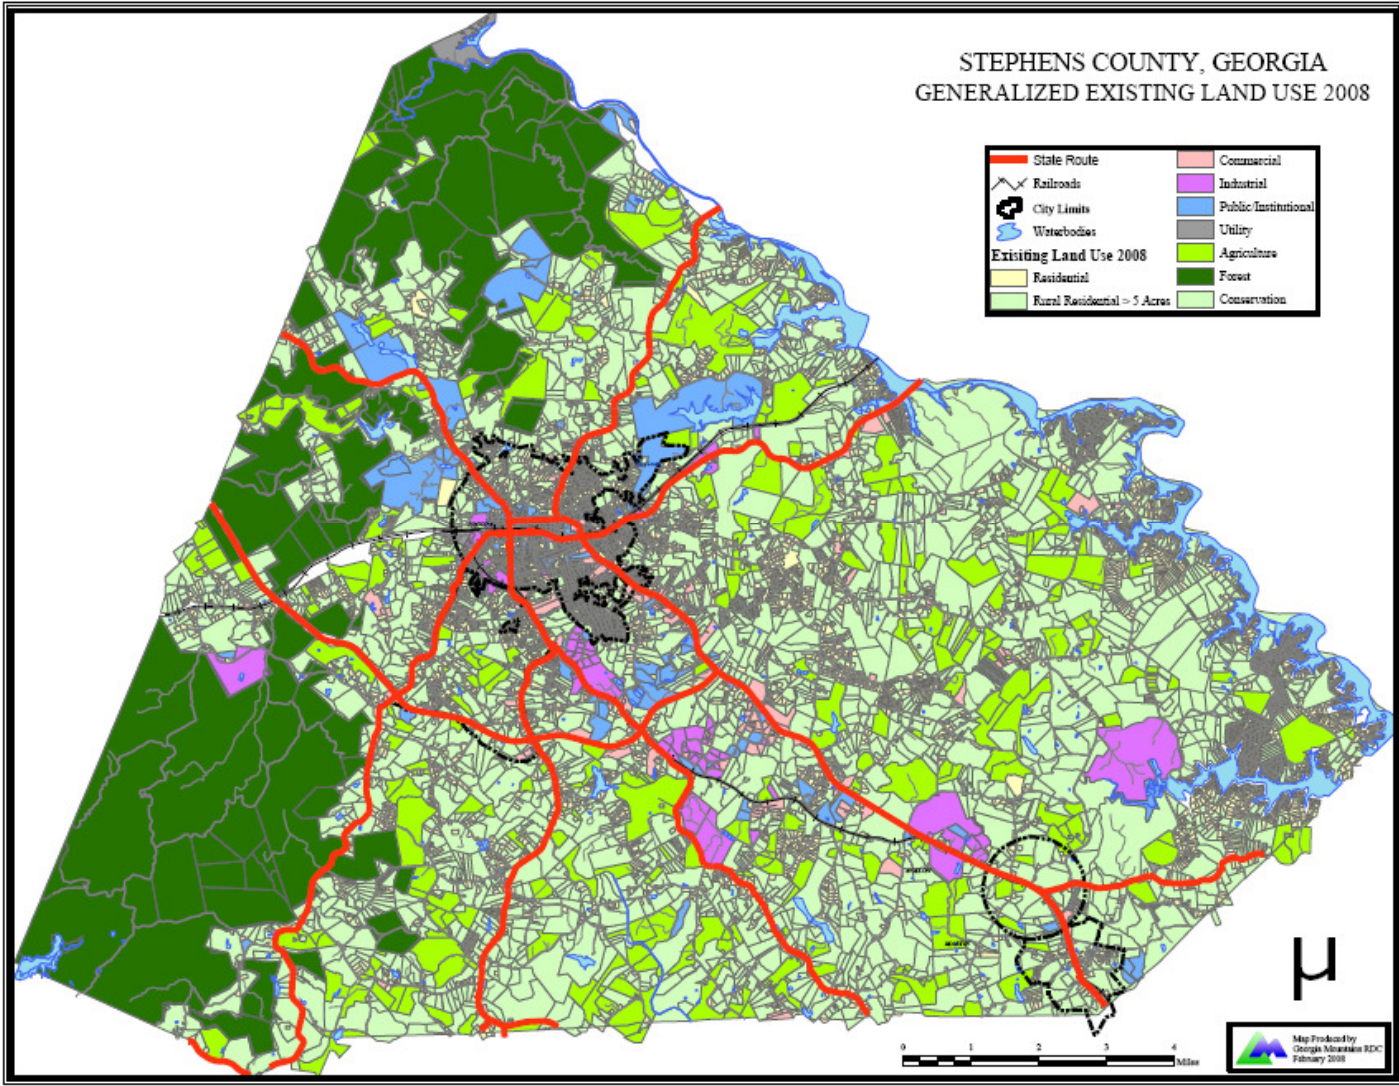

# The Tools of Planning: Communication

## Communicating the Plan

- Pictures, maps, graphics, etc.
- Accuracy of representation
- Consider your media (flyers, web...)
- Consider different applications
- Promote it's use

# STEPHENS COUNTY, GEORGIA GENERALIZED EXISTING LAND USE 2008

# Staten Island's New Zoning Map

## The Largest Downzoning in Staten Island History: An Important Step Forward in Protecting Our Neighborhoods from Overdevelopment

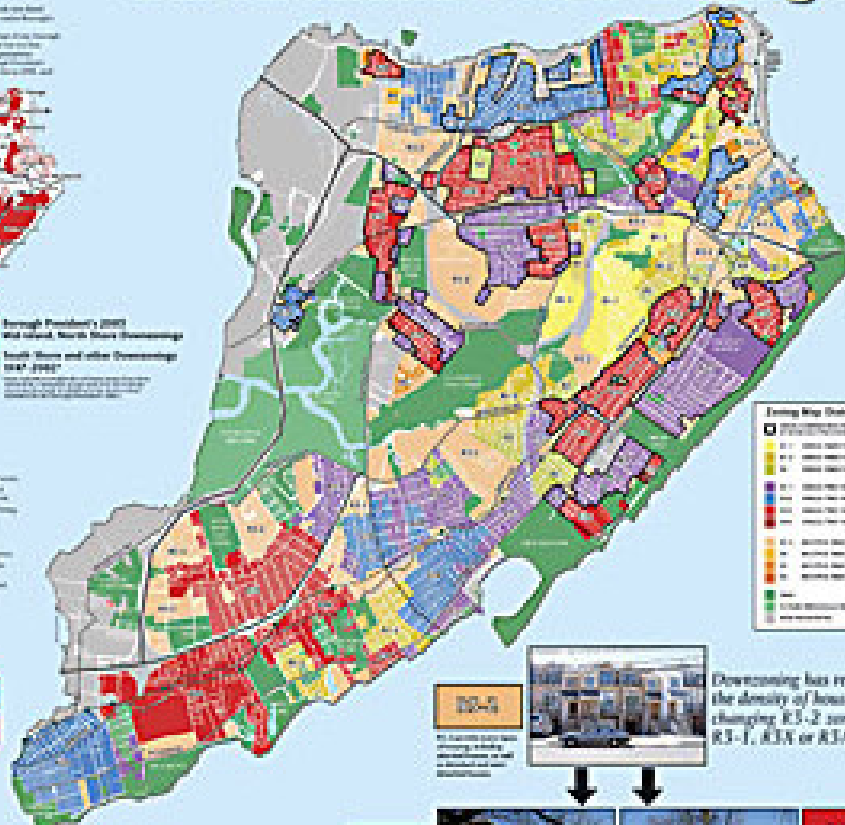

Staten Island's new zoning map is the largest downzoning in the island's history. It is a landmark achievement that will protect our neighborhoods from overdevelopment and ensure that our communities remain vibrant and livable. The new zoning map is the result of a long and collaborative process involving the community, the Borough Board, and the Borough President's Office. It is a testament to the power of community action and the importance of protecting our neighborhoods for the future.

### Major Zoning Initiatives 1987 to 2007

- South Shore Downzoning**
- Downzoning of 1,000 acres of residential areas from R3 to R1A and R2A
  - Downzoning of 1,000 acres of residential areas from R3 to R1A and R2A
  - Downzoning of 1,000 acres of residential areas from R3 to R1A and R2A
- Mid Island and North Shore Downzoning**
- Downzoning of 1,000 acres of residential areas from R3 to R1A and R2A
  - Downzoning of 1,000 acres of residential areas from R3 to R1A and R2A
  - Downzoning of 1,000 acres of residential areas from R3 to R1A and R2A

### Results of Multiple 2005 Rezoning

## A Team Effort

The Board of Borough President Robert M. Goldstein and Borough Board members at the public hearing for the new zoning map.

Borough President Robert M. Goldstein and Borough Board members reviewing the new zoning map.

Borough President Robert M. Goldstein and Borough Board members at a public hearing.

### Why Downzoning is Important

Downzoning is an important tool for protecting our neighborhoods from overdevelopment. It allows us to maintain the character and quality of our communities while ensuring that they remain vibrant and livable. By downzoning, we can reduce the density of housing and ensure that our neighborhoods remain the places we want to live.

### Borough President's Office Responds

The Borough President's Office is committed to protecting our neighborhoods from overdevelopment. We have worked closely with the community and the Borough Board to ensure that our zoning map reflects the needs and desires of our residents. We are proud to have achieved this landmark achievement and look forward to continuing our efforts to protect our neighborhoods for the future.

### Why Could Only Certain Areas Be Downzoned?

Only certain areas were eligible for downzoning because they were zoned R3-2. Other areas were zoned R3-1, R3-3, R3-4, R3-5, R3-6, R3-7, R3-8, R3-9, R3-10, R3-11, R3-12, R3-13, R3-14, R3-15, R3-16, R3-17, R3-18, R3-19, R3-20, R3-21, R3-22, R3-23, R3-24, R3-25, R3-26, R3-27, R3-28, R3-29, R3-30, R3-31, R3-32, R3-33, R3-34, R3-35, R3-36, R3-37, R3-38, R3-39, R3-40, R3-41, R3-42, R3-43, R3-44, R3-45, R3-46, R3-47, R3-48, R3-49, R3-50, R3-51, R3-52, R3-53, R3-54, R3-55, R3-56, R3-57, R3-58, R3-59, R3-60, R3-61, R3-62, R3-63, R3-64, R3-65, R3-66, R3-67, R3-68, R3-69, R3-70, R3-71, R3-72, R3-73, R3-74, R3-75, R3-76, R3-77, R3-78, R3-79, R3-80, R3-81, R3-82, R3-83, R3-84, R3-85, R3-86, R3-87, R3-88, R3-89, R3-90, R3-91, R3-92, R3-93, R3-94, R3-95, R3-96, R3-97, R3-98, R3-99, R3-100.

### For a Closer Look At Your Block

Visit our website at [www.statenisland.gov](http://www.statenisland.gov) for more information on the new zoning map and to view the zoning map for your block.

For more information on the new zoning map, please contact the Borough President's Office at (718) 424-3000 or visit our website at [www.statenisland.gov](http://www.statenisland.gov).

# **The Tools of Planning: Process**

---

## **Plans are living documents**

- Planning offices and commissions must be aware of and responsive to their community's conditions
- Approach to planning and community development must be designed to achieve goals

# **The Tools of Planning: Process**

- How often do you review?
- Does process support objectives?
- Is it inclusive?
- Is it effective?

# The Tools of Planning: Process

- Application (Subdivision, rezoning,...)
  - How political is it? Should be administrative.
- Plan update/ amendment
- Administrative permit request
- Special studies
- Capital improvement planning
- Regular reviews of data

# **The Tools of Planning: Process**

---

## **Opportunities to review for consistency and relevancy of planning data**

- Consistency of PC decisions
  - With Plan
  - With Plan Dept.
  - With history
- Annual review of real estate and development trends
- Annual review of land use
- Follow up on results of past decisions and developments

# The Tools of Planning: Process

Be sure to keep information and policies fresh!

# **The Tools of Planning**

---

- **Data - Comprehensive, Accurate, Current**
- **Policy – Consistent, Results Oriented**
- **Communication – Tells them what they need to know**
- **Process – Ensures effectiveness of all the above**

*... and we're done!*
