Energy Policy

• State or federal energy plans
• Climate Action Plans
• Energy utilities
• Clean technology, fuel or vehicles
Food Systems Planning

- Locally grown food sources
- Organic farms
- Farmers markets
- Food transport
- Farmland protection
Growth Management

- State critical area protection
- Comprehensive planning
- Growth boundaries
- Infrastructure planning and finance
- Focus on managing land supply
- Environmental protection
Hazard Mitigation and Disaster Planning

- Evacuation planning
- Flood Insurance
- Emergency Management Plans
- Local Recovery Plans
Historic Preservation

- Historic district management
- Historic property surveys
- Historic property designations
- Historic property redevelopment
- Adaptive reuse
Housing Planning

- Housing planning
- Housing studies or code changes
- Senior housing
- Jobs/housing match
Infrastructure

- Infrastructure planning
- New project management
- Infrastructure maintenance
- Permitting
Labor Force and Employment

- Job training
- Industry or sector planning
- New business location
- Office or industrial park development
Land Use

- Zoning law
- Zoning management
- Comprehensive planning
- Land use studies
- Rural land protection
Natural Resources and Environment

- Non-governmental advocacy

Social and Health Services

- Housing and Homeless
- Job Training
- Public Health
- Senior Services
Transportation Planning

• Metropolitan Planning Organizations (MPOs)
• Modeling
• New transportation facilities
• Transit service planning
Urban Design

- Community design code
- Context Sensitive Design (CSD)
- Smart Code or Form Codes
- New Project Design or Redevelopment
Issues for Planners

- Water availability
- Transportation choices and congestion
- Funding for everything
- Impacts of growth on environment and health
- Livable communities/New urbanism
- Housing costs, locations and choices
- Farmland protection
- Energy/Climate Change
- Green development
- Infill/Redevelopment
How Does Planning Improve?

• Focus on housing and managing land
• Focus on protecting the environment
• Education and training – models for change
• More progressive planning and regulatory tools
• Focus on public investments
• Redevelopment tools and incentives
• State and local leadership
• Carrots and sticks
