Professional Planning Experience Worksheet

- ▶ Yes/No checklist to help you evaluate your various experiences and if they count toward AICP eligibility
- ▶ Identify if new experience may still be needed
- ▶ Walk through the worksheet for each position you plan to submit
 - ▶ Experience may need to be prorated - use the Interactive Experience Calculator

CRITERION 1: Demonstrate a Professional Level of Responsibility and Resourcefulness While Applying a Planning Process Appropriate to the Project or Situation

Professional urban, rural, and regional planners apply multistep processes related to managing change in communities. Typical process steps include defining a problem or opportunity, setting goals and objectives, generating alternative strategies, selecting a preferred alternative, implementing the preferred strategy, and monitoring and evaluating strategy performance.

In this position, do I regularly lead or am I responsible for applying all or parts of one or more of the following types of planning processes ?	Yes	No
Plan making (e.g., regional, comprehensive, functional, subarea)		
Community engagement		
Regulatory or incentive program design		
Zoning administration or development review		
Analysis (e.g., economic, environmental, health, transportation, land use, housing, historic preservation, community development)		
Development project or land-use site selection		
Development project or land-use entitlement		
Research program or project design		
Research program or project execution		
Plan, program, or project evaluation		
Planning-related technical assistance or training		
Planning-related course or curriculum development		
Planning-related course or curriculum evaluation		

Interactive Experience Calculator

- ▶ Online tool that helps you to determine the amount of experience needed based on your highest/most relevant degree
- ▶ After degree information, include start/end dates for work and the approximate hours per week toward planning-related activities

Planning Curriculum Worksheet

- ▶ Only needed if you attended a non-PAB graduate degree program
- ▶ Helps you to determine how many years of experience you may need (3 or 4 years)
- ▶ Yes/no responses for eligibility

Planning Curriculum Required Elements

Category	Element	Did my master's degree curriculum address this?
Planning Values and Ethics	Equity, Diversity, Social Justice, and Inclusion (e.g., key issues of equity, diversity, and social justice, including planners' role in expanding choice and opportunity for all persons; planning for the needs of disadvantaged groups; reducing inequities through critical examination of past and current systems; and promoting racial and economic equity)	<input type="checkbox"/>
Planning Values and Ethics	Sustainability, Resilience, and Climate Justice (e.g., environmental, economic, and social/political factors that contribute to sustainable and resilient communities, mitigating and adapting to climate change)	<input type="checkbox"/>
Planning Values and Ethics	Professional Ethics and Responsibility (e.g., serving the public interest, achieving high standards of professional integrity, proficiency, and knowledge, ethics of public decision-making, research, and planning practice)	<input type="checkbox"/>
Basic Planning Knowledge	Planning History and Theory (e.g., the evolution and current practice of planning in communities, cities, regions, and nations; how planning has hindered and advanced the attainment of justice, equity, diversity, and inclusion; expectations about planning outcomes in different local and national contexts; conceptual models about what planning is and how it works)	<input type="checkbox"/>
Basic Planning Knowledge	Planning Law and Institutions (e.g., processes and structures available to bring about sound planning outcomes; mechanisms and practices for ensuring equitable and inclusive decision making; legal and institutional contexts within which planning occurs in the U.S. and internationally)	<input type="checkbox"/>

Certification Support

Certification Support: Employer Assistance

- ▶ Does your employer pay for some/all of the costs associated with earning certification?
 - ▶ Costs of the exam
 - ▶ Costs to maintain your certification (must have membership in APA to maintain AICP)

Certification Support: Diversity Scholarship

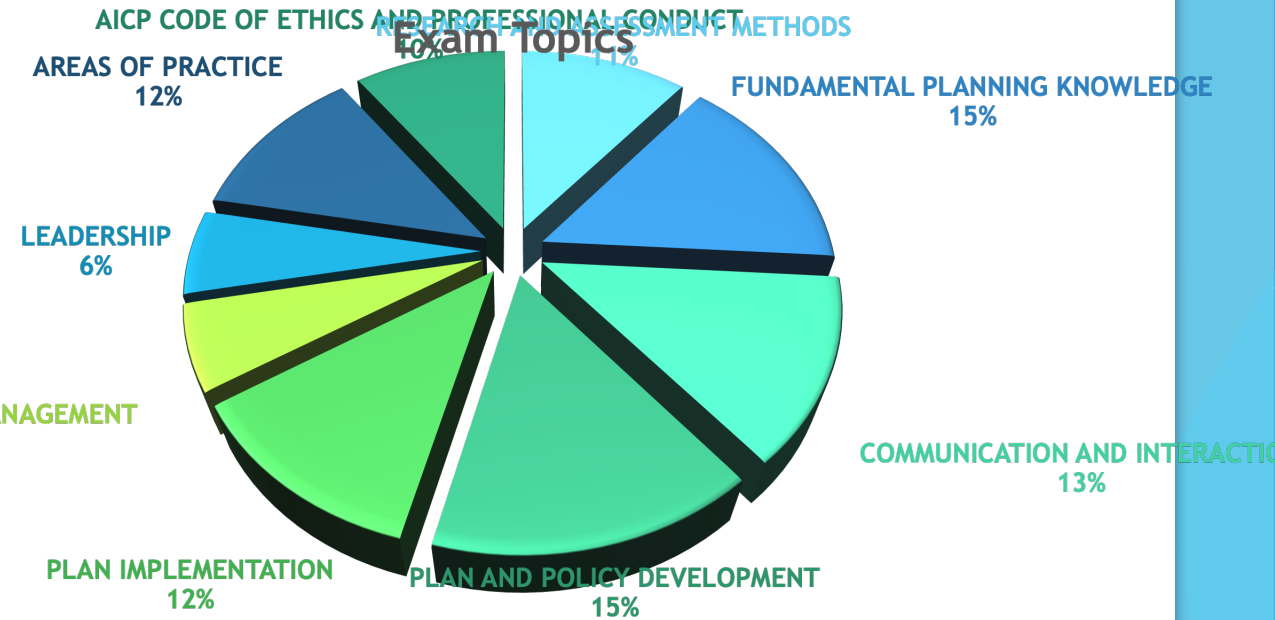

► Certification Diversity Scholarship

- Diversity is an inclusive concept which encompasses, but is not limited to, race, ethnicity, class, gender, age, sexuality, ability, educational attainment, spiritual beliefs, creed, culture, tribal affiliation, nationality, immigration status, political beliefs, and veteran status.
- Submit online form discussing how you identify with the diverse populations listed and answer the relevant questions.
- APA does not limit the number of submittals by chapter. For each cycle, they distribute based on a first-come, first-serve basis and honor the recommendations of the state chapter as long as scholarships are still available.
- Must have an active APA membership.

Preparing for the Exam

Exam Content and Changes

- ▶ 170 multiple choice questions (20 are unidentified research questions)
- ▶ Content has been reorganized - balance of questions by topic differs from previous exams
- ▶ Scenario-based questions where 3-5 questions relate to one scenario
- ▶ Spring 2022 test takers didn't receive their score immediately

Tips and Recommendations

- ▶ Planning has had a big influence on our country's development
 - ▶ Knowing the history and law that came before us is important in the exam
 - ▶ More standard “memorization” for these types of questions would be helpful
- ▶ Exam is geared toward a public-sector practicing planner who has a few years working the front counter under their belt
 - ▶ Questions are focused on a national level, so do not focus on local policies and topics too heavily
- ▶ You should have a basic understanding of planning statistics - mean, median, mode, Floor Area Ratio (FAR), how to read a graph, etc.
 - ▶ No hard equations or questions that need a calculator (but a calculator is provided)
- ▶ Practice, practice, practice - take practice exams, but do not rely on them for knowledge base

Exam Prep Training

- ▶ GPA-hosted review sessions - currently including the following topics:
 - ▶ History and Theory
 - ▶ Administration and Management
 - ▶ Ethics
- ▶ APA topic overview videos - recorded February 2022
- ▶ Archived presentations from GPA review sessions
- ▶ Study groups - make sure to sign up!

APA Online Resources

- ▶ Valuable resources available on APA's website
- ▶ Some documents must be purchased (i.e., Chapter Presidents Council Study Manual)
- ▶ Some documents may follow the previous exam format/weighting, but the content is still valid

The following resources are useful starting points:

- Chapter Presidents Council AICP Exam Study Manual
- Chapter Presidents Council Exam Prep History Timeline
- Selected Resources: AICP Certification Exam
- AICP Code of Ethics and Professional Conduct
Note: All ethics questions are based on the Code of Ethics *valid through December 2021*. Refer to that version of the Code.
- Planning and Law Division Foundational Land Use Law Cases
- APA Policy Guides
- PAS Reports
- *Planning* magazine
- American Planning History Since 1900
This free resource was developed for individuals interested in the planning field. Although it is an engaging and useful resource, be aware that it is not a comprehensive list of historical milestones in planning.

After the Exam

After the Exam

- ▶ After passing the exam, you are known as an AICP Candidate until the experience portion is completed. The designation will be added to your APA profile and can be added to your name where relevant.
 - ▶ You must maintain your APA membership during this time.
 - ▶ You must abide by the AICP Code of Ethics.
- ▶ Submit your Education, Employment, Experience
 - ▶ Education history and verification
 - ▶ Employment history
 - ▶ Planning experience assessment
- ▶ APA will notify you within four weeks of submission of your status
- ▶ After completion of the experience portion, you become AICP
 - ▶ Initial dues required at this time

Certification Maintenance

- ▶ Reporting periods are two years in length
- ▶ You must earn 32 credits (1 training hour = 1 credit) in that window. Credits are flexible, but some are required. As of January 2022, must have:
 - ▶ 1 hour - AICP Ethics
 - ▶ 1 hour - Law
 - ▶ 1 hour - Equity
 - ▶ 1 hour - Sustainability and Resilience
- ▶ You can carry over a maximum of 16 credits per reporting period

Questions/Comments?

Good Luck!
